VOLUME XXXIV.

MARION, CRITTENDEN COUNTY, KENTUCKY, APRIL 11, 1912.

NUMBER 41

STEMMING DISTRICT ASSOCIATION STATEMENT

To the Tobacco Growers of the
Five Counties that are
Interested.

Fellow Farmers:

In so far as the crop to be grown in this year of 1912 in the counties named above is concerned it remains to be ascertained if the growers of that crop will co-operate to pool and sell the same.

As the official representatives of the Stemming District Association we, the members of the District Board of that Association, representing the five above named counties, deem it our plain duty to issue the statement to follow for the consideration of all the prospective growers of the 1912 crop. In this statement it shall be the sincere intent and effort of the undersigned to clearly and veraciously sum up in an unbiased manner the pertinent facts having a bearing on the situation. To date, and as prefatory to the statement, this Board has caused to be discussed through the public column of the Association, which articles through the kindness of the public spirited editors of all the newspapers in active counties, is freely reproduced, in all of said papers, many, to say truly, nearly all the issues affecting farmers co-operation. The tobacco growers, therefore, supplementing their own observations and reflections, by a study of these articles should be doubtless have a very clear understanding of the situation.

The Board has also during the current week placed in the hands of the County Comptroller all over the district the pool of 1912 with instructions to employ good and efficient messengers to visit each particular grower in all the five counties and request him to pool or to decline to pool.

Continued on Page Three.

MISS MARY JOINER IN AUTOMOBILE WRECK.

Has Many Friends in Marion.

Rev. T. V. Joiner, pastor of the Methodist Church, left Wednesday afternoon for Reynolds, Georgia having been called to that city on account of the serious condition of his daughter, Miss Mary Joiner, a teacher in the Coleman Institute, who was dangerously injured Saturday afternoon in an automobile accident. Hartford Republican.

Miss Joiner is pleasantly remembered in Marion where her father was pastor of the Methodist church four years. She will find many sympathizers in this city, which she has visited since her father's pastorate here where the family have many friends.

Marion on The Main Line This Week.

A visit to the L. C. Depot the last few days would certainly impress one with the immensity of the traffic carried on by the great L. C. railroad between the north and south. Since the tracks were flooded and washed out at Cairo, Ill., all the main line trains are being detoured via Mattoon, Evansville and Princeton to Fulton. Last Friday afternoon there were fourteen trains here of various kinds: the Panama Limited, the Chicago & New Orleans vestibuled parlor and Pullman trains, Seminole Special, Dixie Flyer, New Orleans & Chicago fruit express, Chicago & Gulf mail, express and baggage; Cannon Ball, Chicago & Southern fresh meat fast refrigerator train (40 cars) and long freights seldom seen on this line. It certainly made things busy about the station and Agent Venner handles the situation just like he was used to it. You can't lose Venner.

ANNUAL ORATORICAL CONTEST

Of Marion Graded School to Be
Held at The Auditorium Friday
Night, April 12, 1912.

Four young men of the Marion High School will compete for the Cochran medal for Oratory, Friday evening, at 8 o'clock. The winner of this contest will represent Marion in the Central Oratorical Contest to be held here, May 3.

Much interest is manifested in the local contest because of the larger contest to follow.

PROGRAM.

- Processional — Orchestra
Invocation — Rev. Escott
I. Coleman Foster
Subject: Heroes of Peace.
II. Earl Sullenger
Subject: The Power of an enlightened Public Opinion.
Music — Orchestra
Music — Orchestra
III. Marion Conditt
Subject: Life is More than a Living.
Music — Orchestra
IV. Eugene Wilson
Subject: The Land of Promise.
Music — Orchestra
Decision of Judges.

THE FLOOD.

Second only to the one pulled off by that ancient Mariner, old man Noah, was the flood which has for the past two weeks devastated the Ohio and Mississippi valleys. Cairo did not succumb to the flood. Its main levees which are stone faced and seventy-five feet wide and almost impregnable, stood, by the help of 1000 men and 100,000 sand bags. The outer levees all gave way though, flooding the factories.

Paducah usually high, (and dry in some ways) and proud, had her pride taken down a little, many of her outlying residence districts were flooded and much trouble was had in keeping cellars and basement rooms pumped out. Her business section was not overflowed and no interruption was experienced.

Hickman and Columbus, Ky., where some of our friends live, were harassed greatly by the raging floods and high winds. The water was from 6 to 20 feet deep in parts of these two towns and all business suspended and many residences in both places abandoned to the water. Hundreds camped on the hills back from the river in tents furnished by the government, rations were sent from various parts of Kentucky, as much of the food supply was lost in the hurry of evacuating when the levees gave way.

Eddyville and Smithland suffered greatly from the floods in the Cumberland valley and many were forced from their homes and places of business. All are now in much better shape as the waters are receding all along the line as far south as Memphis.

Splendid Official Resigns.

Albert S. Cannan tendered his resignation as City Marshall and collector at the council meeting Tuesday night. It came as a complete surprise and was reluctantly accepted. Mr. Cannan has served Marion in the above capacity over eleven years, and no city of any size or pretensions has been better patrolled. He has been a terror to evil doers, but has had the support of the council and the better class of citizens.

City Council Notes.

The City Council at its regular meeting Tuesday night, elected Frank Loyd as City Marshall. Paid the Marion Electric Light & Ice Co., for street lights for Jan., Feb., and March.

Passed Dr. Frazer's "clean up and keep clean ordinance," a splendid measure. Paid all claims for street work, etc., that were presented. Tabled for future reference and investigation.

G. R. Bibbs dog tax ordinance, and did not order any new walks built as had been predicted.

Mayor Cochran was present and presiding and councilman, Orme, Crider, Gray, Yandell, Nunn and Venner, were all present.

F. E. C. U. of A.

To the Farmers' Union pools of tobacco, we would be glad to have all tobacco come in by April 23rd, if possible. Only small amount is out. Please bring it in and save expenses. We want to close out by April 23rd.—G. B. TAYLOR, Ch'm.

No. 133 was the number under the seal last Wednesday, April 3rd. No. 300 held by Mr. Roy Gilbert was the nearest to the correct No. present and was therefore given the beautiful 41 piece dinner set. Taylor & Cannon gives away one of these sets every Wednesday evening at 8 o'clock. Remember you have your tickets. Present promptly.

Death of Little Hattie Hill.

Hattie Hill, the 7 year old daughter of John and Emma (Burgott) Hill, was taken to Evansville to a sanitarium last week to be operated on for appendicitis. The operation was performed Saturday, but she did not rally and died Monday morning. The remains were brought to Crayne and were laid to rest in the cemetery there Tuesday afternoon. Mr. and Mrs. Chas. Burgett, of this city, grandparents of the deceased, attended the funeral and burial. The parents have the sympathy of all their friends, in their trouble.

Farm Special Train.

The Farmers' Educational Train was here as per announcement on time at 12:15 Saturday afternoon and remained 2 hours. There was a large crowd in attendance, much too unwieldy to derive much benefit from what under some circumstances would have been interesting and instructive occasion. Those who were able to get into the train and hear the lectures were delighted and came away feeling that the state was not spending money in vain.

GOING SOME.

This week the Crittenden-Record-Press goes to its 10,000 readers with 10 pages and a supplement and notwithstanding the large edition, we are compelled to leave out several letters from correspondents, until next week.

J. Frank Loyd, who was chosen city marshal Tuesday evening by the council, was marshal A. S. Cannan's predecessor. A dozen years ago he was marshal for several years and was succeeded by A. S. Cannan, who he now succeeds.

WANTS TO SUCCEED OLLIE M. JAMES

Hon. Denny P. Smith of Cadiz,
Candidate for Congress from
First District.

In this issue of The Crittenden Record-Press appears the formal announcement of Hon. Denny P. Smith of Trigg county, for Congress. Mr. Smith's entry into the race is of much interest to the Democrats of Crittenden county not only because of his known fitness for representative in Congress, and his long and able service to the Democratic party, but also because he has always been the close personal and political friend of Crittenden's own gifted son, Senator-elect Ollie M. James. In Mr. James' hard fight to get the nomination of a United States Senator included in the last state primary, he had no truer friend and few, if any, more effective ones to stand by him in the battle than Mr. Smith; and just here it may not be amiss to say that, perhaps, the one thing which endears Denny Smith so closely to the hearts of those who know him best, is the fact that he is fearless, stands for high ideals in politics and in public service and does not hesitate to wage war for them when necessary.

Mr. Smith was born in Trigg county, forty-five years ago, on a farm, and labored on the farm in spring and summer seasons and in timber in fall and winter until he was nineteen years of age. He was educated in the public schools, Bowling Green Normal School and in Kentucky State College. At nineteen he taught the public school in the school district where he was born and with the proceeds spent two terms in the Bowling Green Normal School. After that in Sept. 1888, with between fifty and sixty dollars only, he entered the State College at Lexington and worked at odd hours on the Experiment farm at 10 cents per hour for three years to pay for books, clothing, etc. For one year more he assisted in the Chemical Department of the College at the same meager wages, and the fifth year assisted in the Biological Department and graduated in the degree of

Bachelor of Science in June 1893 with high honors. During the term of five years he earned all his expenses by hard labor, and so close was the contest to keep up his studies and at the same time keep the wolf from the door, that he had to remain there and work on the farm during summer vacations, having the means to go back to Trigg county to visit his aged father and mother only twice in five years. He taught the Cadiz Public school three years after graduation and at the same time studied law under the instructions of Hon. Fenton Sims, and was admitted to the bar in 1895.

He was twice elected County Attorney of Trigg county, and in 1905 was elected Commonwealth's Attorney of the 3rd Judicial district, and was re-elected without opposition to the same office, which position he now holds.

He has made an able and fearless prosecuting attorney and has endeared himself to his people as none but a positive character with honest purpose could have done. His successful prosecution of the Acme Mills & Elevator Company cases, a prosecution involving the investigation of books covering more than seven millions of dollars of business transactions, to discover the guilt of the accused, has shown him a master of figures and detail as well as a strong, painstaking lawyer.

Trained in the school of hardship and labor, his sympathies are with the laboring people, and he has taken their side of every question. In Congress the people could have no more faithful representative.

Nothing need be said here of his democracy or party service. His loyalty and ability have been shown, in too many hard fights, to require comment from us. Being a skillful politician of honest purpose and a man scrupulous integrity he is a most valuable man to the struggling masses. With his experience and character, no son of toil need fear the tricksters or the schemers against the people's interest can either fool him or buy him.

Now in the fight we predict that he will be a most dangerous antagonist to any and all who may oppose him for the high honor of representing the Gibraltar District in Congress.

ROYAL Baking Powder Absolutely Pure

Where the finest biscuit,
cake, hot-breads, crusts
or puddings are required
Royal is indispensable.

Royal is equally valuable
in the preparation of plain,
substantial, every-day
foods, for all occasions.

The only baking powder made
from Royal Grape Cream of Tartar

No Alum—No Lime Phosphates

You Get Square Deal

When You Buy Square Deal Fence

Fences You See in Catalogs with 1 1/2 inch and 1 inch behind them look stout. Any kind of a fence can hold a bull on paper—**Square Deal Fence** does it on your farm. Just step into our store some day and let us show you Square Deal Fencing. You can look at the fence without feeling under any obligation to buy.

The Square Deal Lock is the secret of the success of this fence—invented. It grips the stay wires above and below the strand wires, and will not let them slip. There are **no brittle welds** to snap—no cumbersome knots to hold moisture, gather rust and shorten the life of your fence.

The Stay Wires are in one straight piece from top to bottom of fence. That means **no sagging, no bagging, no buckling** to let the pigs underneath. These Square Deal one-piece stay wires help support the fence and **save fence posts** lots of 'em. That means **fewer** post holes to dig—less cost for posts and less cost for labor. All these things count in buying fence.

The Wavy Strand Wires keep Square Deal fence tight and trim the whole year round. They give the fence elasticity so it springs right back into place after sudden heavy strains. We have been handling wire fencing a long time and we want to sell you Square Deal fence because we honestly believe it beats all others in strength, durability and appearance and gives you much more fence value for your money. Come in and get Square Deal prices the next time you come to town. Anyway, don't buy another rod of fencing until you see for yourself why Square Deal is the best fence value on the market today.

Olive & Walker. Get our Prices Before Buying

Made by Keystone Steel and Wire Co., Peoria, Ill. (4D)

METHODIST HEAD

In Japan, Bishop Honda, Died Few Days Ago.

Nashville, Tenn., April 9.—Bishop Y Honda, the first and only bishop of the Methodist Episcopal church in Japan, died in that country a few days ago, news of his death being received by cablegram yesterday afternoon by the board of missions.

Bishop Honda had the esteem of Southern Methodists everywhere and those who knew him well felt for him a warm affection. His service to his native church had been a distinguished one and his name is known wherever Methodism is known. The Methodist church in Japan was organized in 1907 and was the result of the missionary work of the Methodist Episcopal Church South, and the Canadian Methodist church. These churches have had missions in Japan for a quarter of a century, but the organized work was not begun until 1907. Under the law of the church Bishop Honda was elected in 1907 for eight years. As the death of Bishop Honda leaves the Japanese Meth-

odist church without a bishop, it is probable a special session of the conference will be called to fill the vacancy.

For tetter, ringworm, eczema, running sores and all skin diseases Dr. Bell's Antiseptic Salve is guaranteed to give satisfaction or you get your money back. 25 cents everywhere.

CARD OF THANKS.

To all of above persons we extend our thanks. To all those who sent \$5.00 on subscription we are especially grateful. One person only on the above list order paper discontinued.

EDITOR.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silks, 29 Dowling St., Sydney, Australia. This remedy is for sale by Jas. H. Orme.

Fabulous Price for Tulips.

Though orchids frequently bring prices that make the poor man stagger the highest price for a single flower was given for a tulip in Amsterdam by an enthusiast who paid \$250,000 for it.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or importation of water, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. No case out of ten are caused by colds. Which is nothing but an inflamed condition of the mucous surfaces.

Write for One Hundred Dollars. For your money. Deafness caused by catarrh, that cannot be cured by local applications, will be cured by Dr. J. C. Cheney's Family Pills for Constipation.

Sold by Druggists, or by J. C. CHENEY & CO., Toledo, Ohio.

NOTICE.

The Farmer's Union Tobacco Association after April 11th, will receive tobacco only on Monday and Tuesday of each week until the 16th of May 1912.

Respt. Yours,
Chas. W. Fox, Secy.

We guarantee Sutherland's Eagle Eye Salve to cure common sore eyes in 24 to 36 hours. This seems strange, but it is backed by our guarantee. You run no risk and it only costs 25 cents.

Special Notice to Subscribers.

Every subscriber to this paper who FAILS TO RECEIVE THE REGULAR WEEKLY ISSUE will please communicate the fact to the Editor immediately each time the paper fails to reach you. We have received many complaints since Jan. 1st, 1912, of papers going astray and wish to be advised of each case promptly.

THE CRITTENDEN RECORD-PRESS

SCHOOL TEACHERS.

You can greatly increase your salary by qualifying to teach Stenotypy. The Stenotype taken dictation supplanting shorthand. Hundreds of the best business colleges will want teachers by early fall. Less than fifty teachers are now available. Stenotypy, typewriting, and English correspondence will qualify you to earn from fifty to one hundred dollars a month. The demand is here. Write for full particulars and special offer to teachers who enroll this spring. Act today.

Lockyear's Business College.
Evansville, Ind.

CHAPEL HILL

Out-door work of all kind is greatly behind in this neighborhood; the farmers are waiting for a pretty spell to get busy; there has been no plowing done which is something very unusual for this time of the year.

E. H. Bigham visited his son, W. E. Bigham, and family of near View, Sunday.

Mrs. Essie Clement had a new telephone put in her residence last week.

Mrs. James Fowler and children were pleasant callers on Mrs. Chas. Jennings and Mrs. L. E. Hughes, Sunday afternoon.

Ray Oliver, of Frances, and John Summers, of Salem, were in our midst Saturday.

Robt. Minner visited his grand parents, Mr. and Mrs. William Clark, Saturday night and Sunday.

Miss Grace Hill visited her parent of this place Saturday night and Sunday. She was accompanied by Master Hubert Crider, of Marion.

Robt. Elkins spent Sunday the guest of James Fowler.

Several from this place went to Crayne Sunday to hear Bro. Blackburn preach.

FACT

Local Evidence.

Evidence that can be verified.

Fact is what we want.

Opinion is not enough.

Opinions differ.

Here's a Marion fact.

You can test it.

G. W. L. Nesbitt, Marion, Ky., says:

"Kidney disease had made me an invalid. I was often in bed for two weeks at a time and no tongue can describe my suffering. I had often wished that death would come and end my misery. The kidney secretions became highly colored and my limbs were badly swollen. My sight also failed and the doctors had little hope for my recovery. I could hardly hold my arms above my head, in fact, my right side was paralyzed. I had lost all hope when a relative advised me to try Doan's Kidney Pills. I finally consented to give this remedy a trial, and a box was procured at Haynes & Taylor's Drug Store. I improved from the first dose and after I had taken the contents of one box, I was so greatly relieved that I felt confident I had at last found something that would cure me. One by one the symptoms of my trouble disappeared, and in three months I was a well man, attending to my business in the usual way. That Doan's Kidney Pills are the greatest remedy in the world for kidney disease, is a fact of which I am firmly convinced."

The above statement was given Feb. 2nd, 1909, and on Feb. 2nd, 1910, Mr. Nesbitt said: "I still believe Doan's Kidney Pills are a good & sure remedy. I have not used any in over a year. Your are at liberty to publish my former statement."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

LEVIAN

April showers: farmers blue. Mrs. Lillie Flanary, of Sheridan, visited her sister, Mrs. Ernest Taylor, a few days last week.

Mrs. Edna Davidson is visiting her sister, Mrs. Hayden, of Salem, this week.

Will Cooper and family visited L. A. LaRue and family on Deer Creek, Saturday and Sunday.

Mrs. Ada Watson is still under the care of the doctor, not improving as rapidly as her friends desire.

Henry Brewster is looking after his Panhandle farm this week.

Thos. Burklow has moved to the new house built on the Henry Brewster farm.

Pastor Carter did some pastoral visiting among the sick of our neighborhood Sunday.

The stork has been in our midst lately, leaving a girl at Carter McDowell's and a boy at Leslie Davidson's.

Mrs. Lizzie Carter has been quite sick. She is thought to be improving slowly.

L. L. Price is better this week than for some time.

Farmers' Bank

of Marion, Kentucky.

Capital Stock \$15,000

Before the introduction of Rural Free delivery of mails in this county, it was inconvenient for many citizens of the county to transact their banking business in Marion.

On account of that inconvenience, many of this county's citizens began to do business with banks located in other counties.

The daily delivery of mail from Marion to the homes of almost all parts of the county, removes that inconvenience, and this bank has many patrons whose accounts are very active, but who seldom find it necessary to pay a personal visit to this bank. The mail brings in their business one day, and delivers them the bank's receipt at their gate, on the next day.

It is the purpose of this advertisement to reach such of the citizens of this county as may be continuing to transact their banking business with banks located outside this county, and invite them to patronize the institutions of their own county.

The Banks of this county, and their owners, pay their taxes in this county; they help to build and maintain the roads and bridges that you use, they help to maintain the schools in which your children are being educated. In these matters they are partners with every tax payer in this county.

Money deposited in the banks here, may be borrowed by your neighbor for the development of his business, and in helping him to his success, it helps to increase our county's resources.

Banks located in other counties do not help you pay taxes or maintain your schools but they use the money they make from your patronage, in developing the resources of some other county.

Unless outside banks can offer you some facility or security that your home banks cannot offer you, do you not believe that loyalty to your home institutions should cause you to prefer to patronize them?

Some men have an idea that a **National** bank is more secure than a State bank, and for that reason hunt up a **National** bank to transact their business. The facts are, a **National** bank is not adapted to the needs of rural communities. No **National** Bank could lend you a thousand dollars on a ten thousand dollar farm, because the law forbids.

No **National** Bank could make you an offer for real estate notes, for the law forbids this kind of investments for them.

Your home banks can serve you in this way, because they are not restricted by the laws governing **National** Banks.

National Banks are required by law to keep as much as **twenty-five** per cent of their deposits in cash and on deposit in other banks.

On April 1st, this bank had **seventy-one per cent** of its deposits in cash and in other banks.

Some men have an idea that a **large** bank is safer to do business with than a **small** bank. The safety of any bank depends on the character and business ability of the men who manage its affairs.

A small field may be more carefully cultivated than a large one, so a small bank may be more carefully managed, more economically conducted, and is generally, more liberal in its dealings with its patrons.

If you are disposed to patronize your home banks, but are not quite ready to make the change now because you owe the other bank, come in and borrow from us the money you owe them, and pay them off and let them depend in the future on their home people for their patronage.

If you doubt our ability to serve you perfectly, ask your neighbor who does his business with us, he can, and will, gladly tell you how we do business.

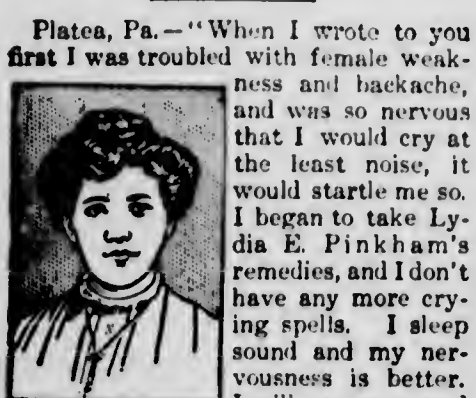

FARMERS' BANK OF MARION, KENTUCKY.

WILLIAM FOWLER, President.

E. J. HAYWARD, Cashier.

NERVOUS DESPONDENT WOMEN

Find Relief in Lydia E. Pinkham's Vegetable Compound—Their Own Statements So Testify.

Plata, Pa.—"When I wrote to you first I was troubled with female weakness and backache, and was so nervous that I would cry at the least noise, it would startle me so. I began to take Lydia E. Pinkham's remedies, and I don't have any more crying spells. I sleep sound and my nervousness is better. I will recommend your medicines to all suffering women."

—Mrs. MARY HALSTEAD, Plata, Pa., Box 98.

Here is the report of another genuine case, which still further shows that Lydia E. Pinkham's Vegetable Compound may be relied upon.

Walcott, N. Dakota.—"I had inflammation which caused pain in my side, and my back ached all the time. I was so blue that I felt like crying if any one even spoke to me. I took Lydia E. Pinkham's Vegetable Compound, and I began to gain right away. I continued its use and now I am a well woman."

—Mrs. AMELIA DAHL, Walcott, N. Dakota.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Women!

If weak, you need Cardui, the woman's tonic. Cardui is made from gentle herbs, acts in a natural manner, and has no bad results, as some of the strong drugs sometimes used. As a medicine—a tonic—for weak, tired, worn-out women, Cardui has been a popular success for over 50 years.

Take CARDUI

The Woman's Tonic

Mrs. Lula Walden, of Gramlin, S. C., followed this advice. Read her letter: "I was so weak, when I first began to take Cardui, that it tired me to walk just a little. Now, I can do all the general housework, for a family of 9." Try Cardui for your troubles. It may be the very remedy you need.

Continued from Page One.

To the Tobacco Grower.

Come we now to the Statement:
SOME THINGS ACCOMPLISHED BY THE ASSOCIATION.
The Stemming Association was formed in June, 1906.
Since that time it has sold one hundred and twenty million pounds of tobacco, as follows:

The 1906 crop, 10 1/2 millions.
The 1907 crop, 16 1/2 millions.
The 1908 crop, 32 1/2 millions.
The 1909 crop, 23 1/2 millions.
The 1910 crop, 22 1/2 millions.
The 1911 crop, 11 1/2 millions. (estimated)

Making a total, for the six years, of one hundred and twenty millions of pounds.

The Association has, since 1905 and inclusive of that year's crop, sold for its members one hundred and twenty million pounds of tobacco at a net average to members of 7 1/2 cents a pound, and had distributed to members nine millions of dollars. This summary was made from the records, save only that in the very nature of things only a close approximation could be made of the 1911 crop, so that part of that crop is yet unsold, and therefore the inevitable dividend must be approximated in the present estimate.

In the years just preceding this Association, tobacco sold on the market at an average of 3 cents a pound, which had realized for members for 120 millions of pounds of tobacco the sum of \$3,600,000. Saving to members, by reason of the Association, \$1,400,000.

Consider now the experience of non-members. In the very nature of things this estimate can only be a close approximation.

Say, then, the sales of non-members for the time named has been thirty millions of pounds, for which was realized 7 1/2 cents net, the average established by the Association.

Total to non-members, \$2,250,000.

Before the Association they had realized \$900,000.

Saving to non-members by the reason of the Association \$1,350,000.

Total saving to members and non-members, six million, seven hundred and fifty thousand dollars.

That this is only a fair statement of the case we submit with the utmost confidence.

For,

Since the year 1900 there has been only one buyer on this market. For several years, say till 1905, he paid an average of 3 cents. Since 1906 he has paid an average of 7 1/2 cents.

Why?

Farmers' co-operation.

Simultaneous with the first pool in 1905 that buyer jumped the price up \$2.00 on the hundred and then swore he would never give more than five cents average in this district.

"If then, attentive members will quite naturally ask, 'If then the Association caused an advance of 4 1/2 cents on the average, why did the Association fail to get ten cents average for the short 1911 crop?'"

"Because," we answer, "of the non-members, and because of a multiplicity of little pools in the district and the counties adjoining. Of these little pools averaging a half million pounds each there are six in this district; one in Henderson county, one in Webster, one at Sullivan in Union, two in Crittenden and one at Salem, on the edge of Crittenden county. These little pools are in competition and refuse to co-operate. We think all have sold the 1911 crop, realizing from 6 to 7.10 average for the poolings, save that the Zion pool got 7 1/2 and S. dirty and damaged tobacco excepted from the average price. On the other side of Green River four pools are in competition. And over in Caldwell county, adjoining this district there are six or more little pools. The Stemming Association has been the mainstay and support of all these pools, and of the non-members as well. And strong as she is, the Stemming Association was not sufficiently powerful to pack the burden of little pools and non-members and the same time force the buyers up to the 10 cent line. Weighed down, as she was, the Association did not dare to prize.

SALE OF THE 1911 CROP.

The partial defeat suffered by the Association in negotiating the sale of the 1911 short crop, it has been shown, was due to refusal of farmers to co-operate—was due to the action of the dumpers, and to the course pursued by numerous little pools selling in

You will look a good while before you find a better medicine for coughs and colds than Chamberlain's Cough Remedy. It not only gives relief—it cures. Try it when you have a cough or cold, and you are certain to be pleased with the prompt cure which it will effect. For sale by Jas. H. Orme.

Why seek better? Stick to the old time tried, and fire tested Metcalfe laundry.

ROY GILBERT.

Heir Apparent.

Held an up-town politician to his son: "Look at me! I began as an inspector of elections, and here I am an alderman-at-large, and what is my reward? Why, when I die, my son will be the greatest man in the city." To which the young hopeful replied: "Yes, dad, when you die—but not till then."

Chest Pains and Sprains

Sloan's Liniment is an excellent remedy for chest and throat affections. It quickly relieves congestion and inflammation. A few drops in water used as a gargle is antiseptic and healing.

Here's Proof

"I have used Sloan's Liniment for years and can testify to its wonderful efficiency. It cures colds, throat, croup, lame back and rheumatism, and in every case it gives instant relief."
REBECCA JANE ISAACS,
Lucy, Kentucky.

SLOAN'S LINIMENT

is excellent for sprains and bruises. It stops the pain at once and reduces swelling very quickly.

Sold by all dealers.

Price, 25c., 50c., \$1.00

Sloan's Treatise on the Horse sent free. Address Dr. Earl S. Sloan Boston, Mass.

By This Sign

you know that you are getting the one preparation that has stood the test for over thirty-five years and still remains the Standard tonic-food-medicine, used and recommended by the medical profession the world over.

Scott's Emulsion

is the embodiment of elements that make for good health and strength.

ALL DRUGGISTS

SEVEN SPRINGS

Wiley Guess of near Iuka was a caller in this section, Saturday.

M. L. Patton and brother, T. W. Patton and Collin Patton were shopping in Fredonia, Wednesday.

The farmers in this section are preparing for their crops.

John Patton of Mexico, this county was visiting his relatives in this vicinity Saturday.

The grim reaper, Death, has visited our community and taken three of our good people from us in one week, two of whom died within 20 hours of each other. Our good people attended a burial two days in succession and the other burial was on Friday following. "Be ye also ready for in such an hour as ye think not the Son of Man cometh."

Died at her home in this community March 28th, 1912, Mrs. Helen Crouch after a very short illness of double pneumonia. She and her husband died within a week and two others of this family are dangerously ill of this same fever. Mrs. Crouch was a member of the Seven Spring Baptist Church and was very regular in attendance. She will be missed in Sunday School as she was a regular attendant. A few days previous to her death, the writer was talking to this good woman, and she spoke of being resigned to the will of God and said "The will of the Lord be done." I said to her, "The Lord does all things well, and calls for his children at his own appointed time. Blessed be the Lord that taketh, blessed be the Lord that gave."

Burnie Patton had a nice cow to die last week.

Rev. U. G. Hughes failed to fill his appointment at this place Saturday night and Sunday; we learn sickness in his family was the hindering cause.

Miss Stella and Mina Polk of Emmaus attended church here Sunday.

Tom Patton was in Marion Friday on business.

Sunday School was organized at Seven Springs Sunday. Bro. Lea Travis was chosen Supt. Bro. Herbert Polk sec'y. The following teachers were elected. Mrs. Pollie Patton, teacher of Advanced class, no. 1; Intermediate class, no. 2. Mrs. Elizabeth Travis, teacher. There were no teachers appointed for the primary and card classes. This is to be looked after next Sunday. Quite a number of pupils were enrolled and now, I would say, stand by your superintendent and he will make an efficient one.

Jim Patton and wife and children and Mrs. Martha Peek of Caldwell Springs were calling in this section Sunday morning. They embarked on the steamer Nashville for Vicksburg to visit relatives at that place.

Miss Grace Yandell of Caldwell Springs attended services here Sunday.

Mrs. Sarah Campbell of Emmaus section was visiting Mrs. Annie Campbell, Sunday.

The ingredients are on the carton. Dr. Bell's Fine-Tar-Honey contains no habit producing drugs, and always gives satisfaction. Look for the bell on the bottle.

When to Wed

Marry when the year is new,
Always loving, kind and true;
When February birds do mate,
You may wed, nor dread your fate;
If you wed when March winds blow,
Joy and sorrow both you'll know.
Marry in April when you can,
Joy for maiden and for man.
Marry in the month of May,
You will surely rue the day.
Marry when June roses blow,
Over land and sea you'll go.
Those who in July do wed,
Must labor always for their bread.
Whoever wed in August be
Many changes are sure to see.
Marry in September's shine,
Your living will be rich and fine.
If in October you do marry,
Love will come, but riches tarry.
If you wed in bleak November,
Only joy will come, remember.
When December's snows fall fast,
Marry and true love will last.
—MOLLIE MAY.

When you feel discouraged, confused, nervous, tired, worried or despondent it is a sure sign you need MOTT'S NERVE RINE PILLS. They renew the normal vigor and make life worth living. Be sure and ask for MOTT'S NERVE RINE PILLS. Price \$1.00 by druggists.—Williams Mfg. Co., Props., Cleveland, Ohio. Sold only by J. H. Orme, Marion, Ky.

Baby's Dress Stuffed With Counterfeits.

Boston, Mass., April 8.—A six months' old baby is under arrest here on the charge of counterfeiting. Her father, Samuel Malta, are also under arrest charged with passing counterfeit quarters and dimes. When the

police searched the Malta house molds and plaster casts were found, but no coins. One of the officers, who is a married man, noticed that the baby was wrapped up in a peculiar manner, and when several yards of the baby's wraps were taken off, it is alleged that nearly \$300 in bad money rattled to the floor.

The whole family was taken into custody, the baby included, because it is alleged she had the greater part of the incriminating evidence.

SOLITE OIL

the Lamp Oil that Saves Eyes

Nothing is more important in the home than clear, steady light. Insure this by getting the oil that burns clear and clean without a flicker down to the last drop. Pennsylvania crude oil refined to perfection. Costs no more than the tank-wagon kind—saves MONEY—saves WORK—saves eyes. Your dealer has SOLITE Oil in barrels direct from our works.

Chas. C. Stoll Oil Co.
Louisville, Ky.
Refinery at Warren, Pa.
We sell the celebrated "No Carb" Auto Oil.

Simplicity isn't Rudeness. In seeking the simple life you must cast off the artificialities of life, but you need not abandon its refinements. There is nothing complex or complicated about culture. A stable and a bathroom are not inherently incompatible.—From "The Richer Life," by W. A. Dyer.

WHEN YOU LEAVE HOME

DETERMINED TO BUY

MAHNA'S LUSTRO-FINISH

Don't let the dealer who handles some inferior preparation, talk you into buying that "just as good" kind, which so often proves unsatisfactory. Insist on having

THE "MADE TO WALK ON" KIND

The kind that won't fade when exposed to sunlight.
The kind with that T-O-U-G-H—L-E-A-T-H-E-R-Y—E-L-A-S-T-I-C Finish that outshines and outwears all others.
It's for FLOORS, FURNITURE, AND ALL OTHER INTERIOR WOODWORK, in all natural wood colors.

Easter Sunday.

"The Lord is Risen" on all tongues, happiness on every countenance, a bright beautiful morning, crowded churches, superb singing, flowers, new hats; all of the wonderful happenings incident to that great festival which nearly eighteen hundred years has been observed by the Christians of the world.

METHODIST CHURCH.

"They have taken away my Lord and I know not where they have laid him," the lament of Mary the Magdalene was the text of the sermon at the Method-

ist church and the subject was handled so reverently, so lovingly, that one easily fancied this great drama of Christianity was being enacted then and there. The low earnest tones of the speaker as he unfolded the crucial points of the Sunday morning following the crucifixion of the Christ was given rapt, tense attention by an audience completely filling the edifice.

The service was churchly in all things, the recitation of the "Belief" or Creed, the Gloria Patrias, ancient collects, the Lord's Prayer and the chants, anthems and hymns, by the choir were in all ways an unexpected musical event. Judging from their work on Easter Sunday this choir should not be content with less than the highest musical expression—they are well fitted to sing "The Crucifixion" by Stanier and works of that high character in music.

PRESBYTERIAN CHURCH U. S. A.

Rev. H. V. Escott, preached to a good congregation at the First Presbyterian Church Sunday morning and evening. There was a quartette and some other special music which added much interest to the morning service. Next Sunday Mr. Escott will fill his regular appointment at Tolu.

PRESBYTERIAN CHURCH, U. S. A.

Rev. Wallace Clift preached at the Presbyterian Church, U. S. A. Sunday morning to a good congregation. Several were baptised and there was special music and a nice service.

Next Sunday Mr. Clift will preach at Crayne and there will be no preaching at his church in Marion.

BAPTIST CHURCH.

At the Baptist church there was one of the greatest mission services ever held by that Church in Marion. Rev. Martin Miller, and his people opened up their hearts and purses in a way that was appropriate to the occasion and bespoke a willingness to send the news of a "Risen Lord."

Mines and Mining.

Work preparatory to sinking a shaft was started on the Smith-

Watkin Lease by James M. Persenson Monday last. This is the property recently disposed of to Eastern parties.

Prof. Wright, of Louisville, one of the "old boys" among the mining crowd has a good thing over near the Mexico station of the I. C. railroad and is pushing it along. It has been the only shipper of Fluor Spar during the bad roads season that we have had and while one swallow will not make a summer the output of this property has practically kept Kentucky on the map so far as Fluor Spar shipments were concerned.

The "Old Jim" which has been one bright particular star to which we all have pointed when we wished to emphasise a real bonanza in this section bids fair to again come into the limelight so far as shipments of zinc carbonate goes. Another one of Dave Clark's dykes has been met with and on both sides the ore is found.

The Memphis shaft has been iron clad and about the 20th of April sinking will be commenced.

We regret to hear that the Fairview Mine was drowned out during the flooded condition of things over the Southern Illinois. The Rosciolaire property was also getting all the water it could stand at the same time but weathered it. Of course water is all right as Jim Henry says, in a bath tub, but Jim is not a real prohibitionist.

At 110 feet on the Sunnybrook mine spar was encountered in a more or less broken condition, presumably the edge of the vein.

We are glad to advise our mining friends that the services of Mr. Julius Fohs may be had as a mine expert for analyzing ores.

A car or two of zinc carbonate from the Mann mine at Lola is ready to load at the depot. We understand that Mr. Mann, that is the original Mann has led a very retired life during the past few months. Some trouble with his kidneys.

When one has graduated in the Marion mining crowd he is ready for almost any kind of honor, that is the reason we have been watching our Mexico exchanges to learn whether the firm is Ma-

dero & Drescher, Dictators or Drescher & Madero, Emperors.

While tobacco, strictly speaking is not a mining subject yet most mining men use tobacco and it may interest them to learn that Mr. Dupuy has received 1,500,000 lbs. of the fragrant weed so far this season, paying for the same over \$100,000. There is a whole lot of smokes in that tonnage.

The correct treatment for cuts, burns, scalds, wounds, sores, lumbago, rheumatism or neuralgia is BAL-LARD'S SNOW LINIMENT. It is healing, penetrating and antiseptic which is every thing that is needed to effect a complete cure. Price 25cts., 50cts., and \$1.00 per bottle. Sold by Jas. H. Orme.

James Paris who went to Sturgis Sunday to visit relatives returned on the afternoon train.

Come Again Lee.

Salem, Ky., April 8, 1912.

Mr. S. M. Jenkins, Dear Sir: We have gotten 137 dozen eggs since March 7, up to the present date, April 8th. Our chickens are White Leghorns and some are mixed. (Mrs.) A. P. Love.

Tell Your Neighbors

When in need of a cough medicine to use Dr. Bell's Pine-Tar Honey. It is the best. Look for the bell on the bottle.

ADDITIONAL LOCALS

Rev. C. T. Coombs of Sturgis, Ky. will preach at the Christian church next Lord's day morning at 11 o'clock and evening at 7:30 o'clock.

The public are cordially invited to attend these services. Rev. Coombs has been employed for a year by the Christian denomination, and there will be services hereafter on each second Lord's day morning and evening.

Mrs. Chas. Burgett and her daughter, Mrs. Fritts, were called to the home of her son-in-law, John Hill of Piney Creek neighborhood, to attend the the burial of her little granddaughter, six years of age who died April 8th, in Evansville, from an operation for appendicitis. The remains were accompanied from that city on the train, Monday by Mr. Hill.

Mrs. R. L. Moore spent Monday in Paducah.

Mrs. Ada McNeely after a visit to her father returned to her home in Paducah, Tuesday.

Miss Elsie Trenary who has been the guest of her sister left Monday for New Brighton, Penn.

Mrs. Carroll of Henderson came over Friday and visited her sister, Mrs. J. G. Poindeexter, until Monday.

Dr. Lottie Gilbert who has been visiting his father, Mr. Jas. Gilbert returned to Lisman, Monday.

Messrs P. K. Cooksey, Thos. Mitchell and Owen Boaz of Dycensburg, attended county court here, Monday.

Mr. N. D. Witherpoon of Seebree returned home Monday after a visit of two weeks to the family of W. W. Mayes of Oak Grove neighborhood.

Robt. A. Rodgers the buggy salesman arrived Sunday morning to spend Easter with his family.

Owen Boaz has moved back to Henderson from Cairo. Owen says Cairo is not a healthy place to live, especially in times of flood and overflow.

Mr. and Mrs. John Gorch of Coal City, Ky. returned home Monday after a visit to her parents, Mr. and Mrs. J. R. Adams, who live near Marion. She was accompanied by her sister, Miss Eva Adams.

W. R. Milne, the concrete man of Eldyside was here last week to put a line on the concrete work which is contemplated for the coming season.

Richard Boyd, the concrete man of Henderson, arrived here Monday to put up some concrete steps and other work at the new Methodist Church for contractor Heath.

Gray and family have moved the W. N. Russell cottage on North Main Street and will remove from Evansville to their newly rented property this week. We welcome them but regret to lose Mr. and Mrs. Russell.

Germs Spread in Skin

Rezeana, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, knowing their way deep into the sensitive tissue. This is what causes that awful itching and what caused a mere rash to grow worse and develop into a heathsome and torturing skin disease. With its years of misery. Don't take any chance! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Rezeana. A 25c bottle will prove this to you will help you.

J. H. ORME, Marion, Ky.

YOU RISK NO MONEY

Our Reputation and Money are Back of This Offer.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. Could anything be more fair for you? Is there any reason why you should hesitate to put our claims to a practical test?

A most scientific common sense treatment is Rexall Orderlies, which are eaten like candy. They are very pronounced, gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, nausea, flatulence, griping, or other inconvenience. Rexall Orderlies are particularly good for children, aged and delicate persons.

We urge you to try Rexall Orderlies at our risk. Three sizes, 10cts., 25cts., and 50cts. Remember, you can get Rexall Remedies in this community, only at our store. The Rexall Store, HAYNES & TAYLOR, Marion, Ky.

Letter from an Old Friend.

Wasson, Ill. April 12, 1912. Mr. S. M. Jenkins, Dear Sir and Friend:—

You will find enclosed \$1.00 for which you will please continue the good old Record-Press for the remainder of this year to the address of Miss Amanda Cannan, Wasson, Ill.

Yours,

George W. Cannan.

If you eat something which disagrees with you, don't let it work its own way through. It's a slow process and make you feel bad. Get rid of it quickly by taking a dose of HERBINE. It drives out impurities in the stomach and bowels and you feel better immediately. Price 50 cents. Sold by Jas. H. Orme.

CALDWELL SPRINGS

The back water from the Cumberland river is rising here at the rate of a foot a day.

Mr. Dan Riley and wife went

Our Prize Offer

To Users of

NEWBRO'S HERPICIDE.

We are very enthusiastic about the virtues of NEWBRO'S HERPICIDE. It is our candid belief that if every citizen of Marion, were to try HERPICIDE for a little while, that the vast majority of them would be so pleased with the results that they would feel under obligations to us for calling their attention to it.

In order to encourage this trial in Marion, we have arranged to give valuable premiums to the first 30 persons who bring the coupon in this advertisement to our store and purchase a \$1.00 size bottle of NEWBRO'S HERPICIDE.

The first six buying a one dollar size bottle will receive a dollar bottle FREE; two bottles for the price of one.

To the second six will be given a fifty cent size bottle FREE.

The next six will be presented with a box of Gallipoli Ointment. This Ointment is made by the Herpicide Company and is very superior for the skin. It sells for fifty cents everywhere. You get a box FREE.

The following twelve people are given a case of Herpicide. Each case is worth the usual price of which is \$1.00. This is a very fine Soap for Shampooing, having none of the irritating effects so frequently experienced.

If you get the lucky twelve you get a case FREE.

Save and Beautify the Hair.

For preserving and making the hair beautiful, there is superior to HERPICIDE. It destroys and removes dandruff which is a deadly enemy to nice hair. By applying this wonderful cream makes the hair healthy, prevents coming out and causes it to become soft and beautiful. The itching stops almost instantly.

The one dollar size bottle of NEWBRO'S HERPICIDE is positively guaranteed by us. Your money back if not satisfied.

HAYNES & TAYLOR

Sole Agents.
The Crittenden Record-Press, Marion, Ky.

COUPON NO.

Received from Haynes & Taylor, as premium with my purchase of one dollar size bottle of Newbro's Herpicide as follows:

One

to Kuttawa Saturday to see Mr. Riley's mother who is very sick. Mr. Elihu Miliken is still in a very bad condition.

Dr. Todd of Fredonia came out Sunday to see Aunt Polk Langston who has been sick for a year.

Mrs. Mary Henson, son and daughter, Othor and Miss Ada, went to Marion Saturday on business.

Mr. Dan Riley sold two fine mares last week for \$100.00.

Corn is scarce here and hay is a thing of the past.

The recent hard rains have retarded all farm work.

They say, yes, perhaps they do, but can they prove the story true?

If you have a good neighbor, why not go to him and tell him of his kindness to you? It will help him to be a better man and you to love him more.

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness.

Professor Unna, of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebium, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, ex-

terminate the microbe, promote circulation in the scalp, loosen hair roots, tighten and remove hair roots, and overcome baldness long as there is any life left in hair roots.

We back up this statement with our own personal guarantee. Our remedy called Rexall "99" Hair Tonic will be supplied free of all cost if it fails to do as we state.

It will frequently help to turn gray and faded hair to its natural color, providing loss of color has caused by disease, yet it is not a dye. Rexall "99" Hair Tonic accomplishes these results by making every hair root, from pigment gland strong and active by stimulating a natural flow of pigment throughout the hair.

We exact no obligations or payment. We simply ask you to give us "99" Hair Tonic a thorough trial. If not satisfied tell us and we will refund the money you paid us. Two sizes, prices 50 cents and \$1.00. Remember, you can obtain it only at our store. The Rexall Store, HAYNES & TAYLOR, Marion, Ky.

Ned Carmack, 6 years old, Brown, 16 hands high,
one of the best saddlers in Western Kentucky, and
sires a 220 gate. Was sired by Trigham, he by
Jeddy Post, he by Cram Trigham, No. 208, sire of Tom
Hughs, 2274, Red Pilot, 220. Ned's first dam Emma
face sired by Maces Hal.

I also have 2 fine Tenn. Starlight Jacks. Star is 5
years old, 15 1/2 hands high. Black, with extra fine head
and ears.

Bob is 4 years old, 15 1/2 hands high. Black and you
can't beat his head and ears. These Jacks are sure
and have proven to be the very best breeders.

This stock will make the season of 1912 at my
farm at Crayne, Ky., at \$10 except Bob and he at \$9.
To insure a living colt 3 days old. Care will be taken to
prevent accidents but not responsible should any occur.

I also have a registered Jersey Bull at \$1.00 cash.
Lawrence Tabor will be at the barn all the time. Come
and see for yourself.

YOURS FOR IMPROVED STOCK.

D. C. COOK, Crayne, Ky.

RODNEY

Mr. and Mrs. L. C. Truitt are
installed in their new home.
This ancient place so long de-
serted, grim and forbidding like
one of these frowning fortress
castles of Mediaeval Germany,
is now once more the abode of a
happy and prosperous family.
That Mr. and Mrs. Truitt may
long dwell among us to gladden
and enrich our community with
their genial presence, "Is a con-
sumation devoutly to be wished."

E. M. Gahagan was in Black-
ford one day last week on busi-
ness connected with his large
milling interest there.

J. Arthur King still makes his
regular Sunday trips to Sullivan.
Jim says he will go in spite of
mud and high water.

E. L. Nunn was in Sturgis,
Saturday.

H. L. Sullivan went to Sulli-
van last week and brought home
a fine, new range.

Uncle Ham said his mind is
filled with visions of chicken
pies and peach cobbler to come.

Our big, jovial, good natured
mail carrier, J. G. Nunn, is still
as serene as ever, in spite of the
back water, the mud, the ever-
increasing weight of his mail
sacks, and the thousand and one
petty annoyances to which he is
daily subject.

We are glad that we know at
least one optimist.

REPTON.

Sunday School at Repton
church every Sunday at 2:30
p. m. Everybody is invited.

Everett Jones was in Marion,
Monday.

Miss Montie Stanley was in
Repton, Wednesday.

Bob Moore is fixing to build
some new rooms to his house.

Mrs. Edgar Howerton and lit-
tle daughters, Misses Annie
Laura and Mary Lou, attended
Sunday School at Repton, Sun-
day.

Miss Cordie Farley attended
meeting at Seminary school
hou e Sunday.

J. E. Perry and V. C. Sum-
mers went to Mexico, Sunday.

W. J. Foster went to Rodney,
Sunday to see his sister, Mrs.
Lacy Truitt.

Mrs. A. M. Duval is visiting her
son, Harry Haynes, at Crayne.

Belle Brantley is on the sick
list.

Misses Bertha and Florra
Moore attended Sunday School
at Repton Sunday.

R. A. Foster is writing insur-
ance for the New York Life In-
surance Co.

Mrs. John Brantley spent Sun-
day with Mrs. Man Crider.

Mr. and Mrs. Elmo Allison
were the guests of Mr. and Mrs.
Holfert Traylor Saturday night.

Miss Eunice Jones was the
guest of Miss Bernice Powell,
Sunday.

Mrs. W. U. Howerton was in
Repton, Monday.

Preaching at Repton church
every third Sunday, -Rev. B. F.
Hyde, pastor.

Mr. and Mrs. T. H. Roberts
and son, George, and W. S. Jones
and family were the guests of
W. K. Powell and family Sun-
day. A fine dinner was prepared
by Mrs. Powell, which needless
to say was enjoyed by all who
were present. After dinner

TO BREAK UP COLD

Some Advice That Will
Save Time and Money

Strong drink and quinine may relieve
a cold, but it usually does more harm
than good.

To break up a hard cold in either
head or chest thousands are using this
sensible treatment.

First of all look after your bowels;
if they need attention use any reliable
cathartic. Then pour a scant ten-
spoonful of HYOMEL into a bowl of
boiling water, cover head and bowl
with a towel and breathe for 5 or 10
minutes the pleasant, soothing, heal-
ing vapor.

Do this just before going to bed;
your head will feel fine and clear and
you'll awake from a refreshing sleep
minus a cold in the morning.

For colds, coughs, catarrh, asthma
and croup HYOMEL is guaranteed. A
fifty cent bottle is all you need to
break up a cold and this can be ob-
tained at Haynes & Taylor's, and
druggists everywhere. m28a11

Crooked Creek the first Sunday
in April to organize a Sunday
School at that place, at 1 o'clock.

Eren Corley, of Piney, visited
his uncle, E. J. Corley, Sunday.
Saturday before the fourth
Sunday in April is the day to
call a pastor at Crooked Creek.

B. P. Butler, of Arkansas, is
visiting friends here.

Joe Dean, of Oak Hall, passed
through here Saturday.

ZEMO SUFFERERS
HERE IS GOOD NEWS

INSTANT RELIEF FOR 25 CENTS.

Just to prove the true worth of ZE-
MO and ZEMO SOAP the makers
have put on the market a trial pack-
age for 25c that is truly a "blessing"
to those suffering from Eczema, or
any other skin or scalp disease. This
trial package consists of a generous
bottle of ZEMO, a sample cake of
ZEMO SOAP and a 32 page booklet,
"How to Preserve the Skin" - all can
be obtained for (only) 25cts. The
nation-wide popularity of ZEMO, the
high regard in which it is held by the
profession and the thousands upon
thousands of cases it has promptly and
permanently cured, should cause you
to come here at once and get this new
trial package at 25 cents.

97 PER CENT. PERFECT.

AN UNUSUAL RECORD FOR A
PILE REMEDY.

When Dr. J. S. Leonhardt, of Lin-
coln, Neb., located the cause of piles
and found a successful inward remedy
for piles, he had it put on sale under a
strict guaranty of satisfaction. In ten
years only 3 per cent. of HEM-ROID
users have asked for their money back,
and it speaks well for this scientific
modern remedy. Get a guaranteed \$1
package from Haynes & Taylor or any
druggist, or write to Dr. Leonhardt
Co., Station B, Buffalo, N. Y., for
free HEM-ROID booklet. 6

VICIOUS DOG
KILLS CHILD

Little One Attempted to Play With
Animal While it Was
Eating.

Chicago, April 1.-Anna De-
Calvo, three years old, of West
Eleventh street, was killed by a
large New Foundland dog today
while visiting the home of a
neighbor.

The child attempted to play
with the animal while it was eat-
ing a bone. Suddenly the dog
made a vicious plunge. It tore
open the child's throat and the
victim bled to death.

The girl and dog had been left
alone in the kitchen for a few
minutes and when members of
the family returned they found
the dead body of the child on
the floor. The dog was killed
by the police.

ALL-Wool. Worsteds of rich appearance, and soft, silky feel, because woven with twill warp both ways—the greatest suit values in America. Absolutely a 40-dollar custom-tailor value yet our price is but \$10 to \$20. A variety of new color-tone to select from.

McConnell & Nunn
Main St. Marion, Ky.

To the Tobacco Grower.

Continued from Page Three

competition with one another, and with the Stemming Association. That tobacco growers, both members and non-members, may realize in a measure the hurt and harm and financial loss to tobacco growers, owing to competition, we confidently affirm that the average price realized by the Stemming Association for the 1911 crop was from 50 cents to \$1 per hundred higher than was the average realized by all the pools and all the dumpers on this and the other side of Green River. The average, we mean.

The Association has been, and admittedly so by all fair-minded men acquainted with the facts, a brace, support and prize to and for prices on tobacco sold throughout this district by non-members and little pools. On the other hand, these non-members and little pools have ever been a dead weight to the Association, and have been so many clubs in the hands of the tobacco trust where members were slugged into acquiescence of lower prices than were reasonably demanded by the Association.

All know this Association had gotten twelve cents average for the 1911 crop if only growers had been practically unanimous in co-operation.

Farmers' co-operation is no dream. The practical benefits enjoyed by the tobacco growers of this district, member and non-member alike, with only partial and inadequate co-operation, conclusively demonstrate to the world that farmers' co-operation is both sane and feasible.

Had all the growers of the district joined the Stemming Association six years ago, they had realized ten cents average and had distributed to the growers of the district three or four million dollars more in excess of the millions actually distributed. An enormous loss, and yet not wholly lost, if only farmers will profit by the lesson.

"The Association as at present constituted."

By that is clearly meant the Association with its present membership. For known it is to all members that, at the will of members, the personnel of the present district board can be changed next August and the newly elected board can on the first Saturday in the coming September, at its option, retire Manager Elbert, Secretary Thompson and Press Agent Banks, and elect others in their stead. Or, on the other hand, all, or one or more, of the present board and general officers may at the pleasure of the members be re-elected.

With, then, its present membership, is the compulsive force of the Association legally, not violently, applied sufficient to constrain the monopoly to render tobacco growers a reasonable equivalent for the product of their labor?

No, emphatically no. The Association failed to command a fair equivalent for the 1911 short crop. What then may be apprehended in time of a normal, or a big crop?

Chaos, and a gorged monopoly python.

But, it may said, "numerically, the membership of the Association is fluctuating. Elastic are the boundaries of the Association. Within those boundaries may be included in this year of 1912 fully 90 per cent of the stemming type of tobacco. What then?"

Why, then the Association would infallibly prove irresistible. The inherent compulsive force of the Association then would command a fair equivalent for the product of the

time to time, lest we forget - have deeds in fee simple to their farms, and yet the tobacco growers of Kentucky are neither more nor less than tenants of the Trust monopoly.

We have, on occasions more than one, heard it remarked, "The tobacco growers of Kentucky don't deserve legal protection. They could protect themselves by co-operation."

While that last sentence is true, rightly considered the tobacco growers of Kentucky are entitled to the fullest legal protection whether they co-operate or fail to co-operate. They pay taxes for protection - the State is diligent in the collection of taxes, and yet the State complacently stands aloof while a thieving monopoly, year after year for twelve long years, robs and plunders the tobacco growers of the State.

Cooperation has saved for the tobacco growers of Kentucky millions of dollars, and yet it is a burning shame that the growers are abandoned by the State to the devices of cooperation. Full, hearty and harmonious co-operation has to date been frustrated by the machinations of the Tobacco monopoly.

CO-OPERATIVE MARKETING

The farmer of today must be a man of brains who is not alone capable of producing the maximum crop, but who also has the business ability to dispose of his products to the very best advantage to obtain the maximum return.

The system which allows the purchaser alone to set the price on farm products. Heretofore the purchaser alone has set the price on farm products. The time will come when the farmer through co-operation will have something to say about prices.

Have you given the matter of marketing your produce the same careful thought that you have to making it grow? If not you are doing yourself as well as your neighbor an injury.

The question which naturally arises is, can you alone accomplish results? Perhaps you can help some, but would not results come more quickly and be more permanent by means of co-operation with your neighbors.

By this co-operation would you not be benefiting the entire community in which you live and therefore make it a more desirable place in which to live?

It is not alone your individual profit which should be guarded but your neighbors as well. You reap a benefit from his profit as well as from your own. We must not be selfish about our own gain if we would prosper.

To finally sum up the matter, we would say to the members of the Association that we must try to get the members of the small pools and the non-pools to come in and help us to form a strong working pool for the 1912 crop, and unless we can do this, the disposition among the loyal members is that they had best remain out of the pool and all sell individually on the open market. We know that it is best for ours and all interests that the tobacco crop of 1912 be pooled, and all sold and managed as a whole, for we are sure by this means we will receive better prices and all will be materially benefited by it, but unless we can accomplish the pooling in these five Counties of practically the entire tobacco crop, we do not feel it would be best to pay expenses to maintain a pool of one-half or two-thirds of the growth of the 1912 crop.

We are ready, willing and anxious to form this pool, and we beg all the non-members and other associations to unite with us for if they cannot see their way to do this, we fear a dissolution of the Stemming District Association for 1912 will have to be referred to the membership for action. Of course it is not our power as your Executive Board to dissolve the pool, but as said above, unless we can get sufficient of the 1912 crop in the pool to be able to get reasonable prices for our tobacco, we would suggest to the membership the advisability on September 1st, if it should be found then that we have not a large majority of the tobacco in the five counties pooled, that they meet in their several magisterial districts and say whether or not the pool shall be continued.

Let us lay aside all differences together as one man in one tire farming element of this cooperation in all these let us bury them and get

truly and fraternally yours,

MEMBERS DISTRICT BOARD
BAKER, WEBSTER COUNTY
CAMPBELL, HENDERSON
OGLESBY, UNION COUNTY
DEAN, CRITTENDEN
COFFMAN, HOPKINS

OAK HALL

We were all glad to see spring put appearance last week. M. Dean attended church in Marion Sunday. E. Shewmaker was quite sick last week, but at last report was better. McGinnis, of Tennessee, has moved on A. Dean's farm. A trustee was around taking the census last week. L. Drury is laid up with a severe case of rheumatism. Most of our farmers met the "Farm trial train" Saturday. Mr. T. A. Enoch visited in the uphis Mines vicinity last week. An Fowler and a Miss Ford were here Wednesday. Mr. J. R. Vaughn, of Mattoon, visited his father, P. E. Shewmaker. Albert Worley and family visited the home of M. V. Ford, Sunday. Sunday School was re-organized last day. Let everyone come and help in the good work along. "I think we had better have another 'good roads meeting' and have talk and more work. The roads ain't never in a worse condition than they have been the last year." "Heat is badly frozen out and the babbity is, the land will be put in nothing else."

Her Frugal Mind.
A man whose illness threatened to relapse into typhoid was taken to the hospital. Instead of growing worse, however, and at the end of the eighth day, when his wife visited him, he asked to be taken home. "But you've paid for a week," replied his wife. "I won't refund a penny. You had better stay your self out."

: Majestic Theatre :

A KENTUCKY BELLE

BY THE

FREDONIA HOME TALENT CO.

Monday, April 15th.

A "Kentucky Belle will entertain the old as well as the young. 24 of Fredonia's best young people will be in the play. Proceeds for the benefit of Cumberland Presbyterian Church.

Doors Open 7:00 O'clock. Play at 8:00 p. m.

General Admission 25 cents.
Children 15 cents.
Reserved Seats 35 cents.

TRIBUNE

The farmers are very busy in this section.

We still have muddy roads.

Silas Guess has been hauling logs for S. H. Phillips to John James' saw mill on L. C. Horning's farm near this place.

Prayer meeting at Hill's Chapel every Saturday night. Let everyone who can, come.

Misses Felta and Vera Hill visited their aunt one day last week.

Mrs. Bell is slowly improving at this writing.

F. I. Travis has been on the sick list.

Miss Ruby Towery is still visiting her grandmother, Mrs. Margaret E. Towery, of near Shady Grove.

Jim Pickens and family were guests of S. H. Phillips and wife Sunday.

T. M. Dean, of Iron Hill, passed through this section last week enroute to Marion.

Miss Ellen Travis has been on the sick list the past week.

Jim Pickens spent Thursday night with his sister, Mrs. Eliza Deboe, of Marion.

Willie Guess is seen in this section quite often.

Henry Hill, of this place, went to Iron Hill one day last week on business.

S. H. Phillips went to Marion one day last week.

GOING SPRINGS

Come on, Oh! gentle spring, and fill the earth with green flowers. Drue Stephens was in town one day last week.

Frank Hughes and wife were the guests of his father, Will Hughes, Saturday and Sunday.

Walter Simpson and family were the guests of Ira C. Hughes and family Sunday.

Miss Myrtle Stone is teaching us a good school at this place, and is having good attendance.

Misses Anna and Pearl Stephens were the guests of Miss Frona Elder, Wednesday.

There will be a big musical at Going Springs school house Saturday night, April 27th.

Virgil Hughes went to see his best girl, Sunday.

Walter Simpson and family were in town shopping Tuesday.

Rev. V. L. Stone delivered a fine sermon at Hill's Chapel last fifth Sunday.

With best wishes to the Record-Press and its many readers, I remain, -A Subscriber.

DOG SHOWS GREAT CUNNING

How He Defeats Master's Attempt to Cure Him of Chasing Passing Vehicles.

The following is an authenticated instance of great cunning in a dog. This animal was in the habit of rushing out from his owner's house and attacking passing vehicles. The owner, thinking to cure him, attached a small piece of wood by a chain to the dog's collar. This device served admirably, for no sooner would the dog start in pursuit than the clog would check his speed, rolling him over. The dog reflected upon the situation, which evidently gave him much perplexity for some time. Now, if this dog did not possess reasoning powers he eventually evinced something very much like them, for he overcame the difficulty, and, to the surprise of all in the neighborhood, he was soon at his old tricks.

This is how he managed it: No longer did he attempt to drag the clog on the ground, permitting it to check and upset him; but before starting he would catch it up in his mouth, run before the passing horse, drop the clog and begin the attack. When distanced he would again seize the clog in his mouth and resume his position ahead, thus becoming as great a pest as ever. Even on his ordinary goings about he was seen carrying his clog in his mouth instead of letting it drag on the ground between his legs.

STRING TOWN

Quite a crowd was out at the bridge Sunday to see the back water.

Emmett Butler and Twinkle Howard were in Evansville last week.

Prof. Rascoe called on Johnnie Hodge recently.

Several from this place went to Marion Saturday, to see the farm on wheels.

CHAPEL HILL

Mr. and Mrs. H. S. Hill spent Sunday the guests of Mr. and Mrs. J. C. Adams.

J. T. Righam and family visited T. M. Hill and family Saturday night and Sunday.

More telephones in this neighborhood than "Carter had oats."

Carson Franklin, of Marion, was through this section Friday.

Mr. and Mrs. B. F. Walker spent Sunday the guest of their son, Burrell, Jr., and family.

Dr. Bell's Antiseptic Salve
Good for all Skin Diseases.

SUPPLEMENT to The Crittenden Record-Press.

CRITTENDEN, CRITTENDEN COUNTY, KENTUCKY, April 11, 1912. No. 41.

TRIBUNE

Everybody in our neighborhood have their tobacco off, and getting ready for a new crop. George Corder and family were guests of Mrs. Mary Travis and family Saturday night and Sunday.

E. Farley visited W. F. Woodside Saturday night and Sunday.

Mrs. H. P. Hogard was the guest of Mrs. Elvira Wheeler one evening last week.

Silas Guess was in Tribune Saturday.

Sadney McNeeley and family visited Mary Travis and family Sunday.

A. L. Baker was in Marion Saturday.

Mrs. I. H. Pickens was the guest of Mrs. H. P. Hogard Saturday afternoon.

Miss Vera Woodside visited in Marion last week.

Mrs. Mary Travis and granddaughter, Lottie, were guests of Mrs. W. J. Hill Wednesday.

Newt Walker was in Marion Saturday.

Prayer meeting every Saturday night; Sunday School every Sunday morning.

Mrs. H. P. Hogard and Mrs. I. H. Pickens were guests of Mrs. J. M. Hill Tuesday.

Miss Herschel Pickens visited G. G. Baker and wife Sunday night.

Misses Nona Swansey and Mary Hunt visited R. R. Pickens and wife Tuesday.

Miss Sallie Travis was the guest of Mrs. W. J. Hill one day last week.

Marion Conger has moved to the R. F. Wheeler farm.

Miss Ruby Towery has returned from a visit to her grandmother in Shady Grove.

WHEELER

Rev. Cook will preach at Hill's Dale third Sunday night.

Miss Wilma Parsons was the guest of Mrs. Mamie Travis Monday afternoon.

WHEELER

Jim Layhine and A. F. Patton son went to Dixon Tuesday on business.

Misses Maude Tapp and M. E. Flagg went to Clay Saturday shopping.

Mrs. Louis McDaniel went to Clay Tuesday shopping.

Miss Clara Goben was in Clay Tuesday.

Miss May Woods, of Providence, was the guest of Mrs. McConnell Monday and Tuesday.

Misses Mary Flagg, Maude Tapp and Clara Goben spent Sunday with Mrs. Mertie Shigall.

Phil Welch visited his parents, of Sullivan, Saturday and Sunday.

Henry Farley was in Dixon Wednesday.

Mrs. Bessie Robinson and Mrs. Bill Sullivan were in Clay shopping Thursday.

Jas. W. Layhine was in Evansville Wednesday.

Mr. and Mrs. Lee Baker went to Princeton Friday to visit friends and relatives.

George Skinner was in Clay Saturday.

Miss Maude Tapp, who is attending school in Dixon, came home Friday to visit her parents.

Dr. Bell's Antiseptic Salve
Good for all Skin Diseases.

WHEELER

Mrs. R. E. Sturgeon, primary teacher in the Sunday School, gave her scholars an Easter Egg hunt just after Sunday School, and everyone enjoyed it, even to the oldest.

M. S. Carter and family passed through here enroute to Fulton, Tenn.

The river is rising some yet, but it is getting very serious to towns and farmers.

Mr. and Mrs. J. L. Rankin, of Fortas Ferry, spent Wednesday with Mr. and Mrs. E. C. Travis.

Ure Martin Gahagan was eighty-one years old Thursday and several of his children and friends spent the day with him.

Mrs. Cora Boswell and Mrs. Brewer, of Fortas Ferry, were here shopping Wednesday.

M. L. Wilson and family, Mrs. L. W. Gahagan and daughter, duty spent Sunday with Mrs. J. H. Hughes.

Mrs. Emma Hughes spent a few days last week the guest of Mrs. C. W. Grady.

C. W. Grady returned Tuesday from Louisville.

H. Stone of Tolu, was here Wednesday and bought some choppers from W. F. Knott.

Misses Myrtle and Edna Miner and two Misses Barnes were here sight seeing.

Felix Burton, of St. Louis, is in our town visiting relatives and friends.

Mrs. G. L. Rankin and children, Mr. and Mrs. W. F. Knott, A. L. Stokes and Miss Ruby Sturgeon spent Sunday afternoon with W. B. Rankin and family.

Everyone in this vicinity are planting gardens.

J. P. Johnson moved into W. E. Anderson's house Wednesday.

To the Tobacco Grower.

Continued from Page Three

competition with one another, and with the Stemming Association. That tobacco growers, both members and non-members, may live in a measure free from harm and financial loss to tobacco growers, selling a tobacco, we confidently affirm that the average price realized by the Stemming Association for the 1911 crop was from 50 cents to \$1 per hundred higher than was the average realized by all the pools and all the dumpers on this and the other side of Green River. The average, we mean.

The Association has been, and admittedly so by all fair-minded men acquainted with the facts, a brace, support and prize to and prices on tobacco sold throughout this district by non-members and little poolers. On the other hand, these non-members and little poolers have ever been a dead weight to the Association, and have been so many clubs in the hands of the tobacco trust where members were slugged into acquiescence of lower prices than were reasonably demanded by the Association.

All know this Association had gotten twelve cents average for the 1911 crop if only growers had been practically unanimous in cooperation.

Farmers' co-operation is no dream. The practical benefits enjoyed by the tobacco growers of this district, member and non-member alike, with only partial and inadequate co-operation, conclusively demonstrate to the world that farmers' co-operation is both same and feasible.

Had all the growers of the district joined the Stemming Association six years ago, they had realized ten cents average and distributed to the growers of the district three or four million dollars more in excess of the millions actually distributed. An enormous loss, and yet not wholly lost, if only farmers will profit by the lesson.

"The Association as at present constituted."

By that is clearly meant the Association with its present membership. For known it is to all members that, at the will of members, the personnel of the present district board can be changed next August and the newly elected board can on the first Saturday in the coming September, at its option, retire Manager Elliott, Secretary Thompson and Press Agent Banks, and elect others in their stead. Or, on the other hand, all, or one or more, of the present board and general officers may at the pleasure of the members be re-elected.

With, then, its present membership, is the compulsive force of the Association legally, not violently, applied sufficient to constrain the monopoly to render tobacco growers a reasonable equivalent for the product of their labor?

No, emphatically no. The Association failed to command a fair equivalent for the 1911 short crop. What then may be apprehended in time of a normal, or a big crop?

Chaos, and a gorged monopoly python.

But, it may said, "numerically, the membership of the Association is fluctuating. Elastic are the boundaries of the Association. Within those boundaries may be included in this year of 1912 fully 90 per cent of the stemming type of tobacco. What then?"

Why, then the Association would infallibly prove irresistible. The inherent compulsive force of the Association then would constrain the trust to pay a reasonable price for the product of the farmers' labor.

The membership of the Association has been fluctuating within narrow limits. But the Old Guard have ever been the strength and mainstay of the Association. Courageous and combative, and ever on the firing line, fighting for years the battle of all the tobacco growers, unsupported and unenforced by non-members and little poolers, the Old Guard—what wonder? Is fast growing discouraged, resentful and reckless.

The membership of the Association is fluctuating, and with the Old Guard discouraged and disheartened, the membership is likely to fluctuate downward. Many of the Old Guard declare they are weary and worn out, and protest they see no way but to lay down, unless their brother farmers will enlist under the co-operative banner.

IMPERIAL DIVIDENDS.

Illuminating the subject under discussion, and broadening the vision, is the annual report of the Imperial Tobacco Company for the fiscal year ending October, 1911.

The capital stock of the Imperial Tobacco Company, Ltd., (of Great Britain and Ireland) is one hundred million dollars. On that capitalization the Imperial declared a dividend for the fiscal year ending last October of thirty per cent.

In other words, the Imperial Company made a total distribution in earnings for fiscal year ending last October of thirty million dollars.

The significance of this showing, of enormous and excessive earnings, to the tobacco growers of the five counties embraced in the Stemming District arises from the fact that the Imperial Company, with the American Tobacco Company and the Regie buyers annually fixes the price on the tobacco product in these five counties.

Annually taking the tobacco produced in these five counties at a price below the cost of production contributed to the Imperial's ungodly dividends.

HAVE A RIGHT TO GROW TOBACCO.

The farmers of Kentucky have an inalienable right to produce tobacco. The climate and soil here are peculiarly adapted to the production of a high-class special purpose, and general purpose, tobacco. The farmers of Kentucky have been growing tobacco for one hundred and twenty years and are known the world over as pre-eminent specialists in the production of tobacco. The farmers of Kentucky have a right to grow tobacco and are entitled to legal protection for the tobacco product of their labor. These simple elementary truths are recorded here in answer to that supercilious taunt hurled at us by Trust agents. "Why don't they quit growing tobacco if they don't like the price?" ask Trust emissaries triumphantly. These same inconsequential no-bodies-inconsequential save for the accident of their present employment—are still telling farmers from away back that "the price of tobacco is regulated by supply and demand."

How about the supply in 1911? That, admittedly, was a short crop, and the supply wholly inadequate, and yet the Tobacco Monopoly—the buyers in conspiracy and combine—has taken and will continue to take the 1911 crop at a price wholly inadequate.

The tobacco growers of Kentucky—let it be reiterated from

time to time, lest we forget—have deeds in fee simple to their farms, and yet the tobacco growers of Kentucky are neither more nor less than tenants of the Trust monopoly.

We have, on occasions more than one, heard it remarked, "The tobacco growers of Kentucky don't deserve legal protection. They could protect themselves by co-operation."

While that last sentence is true, rightly considered the tobacco growers of Kentucky are entitled to the fullest legal protection whether they co-operate or fail to co-operate. They pay taxes for protection—the State is diligent in the collection of taxes, and yet the State complacently stands aloof while a thieving monopoly, year after year for twelve long years, robs and plunders the tobacco growers of the State.

Cooperation has saved for the tobacco growers of Kentucky millions of dollars, and yet it is a burning shame that the growers are abandoned by the State to the devices of cooperation. Full, hearty and harmonious co-operation has today been frustrated by the machinations of the Tobacco monopoly.

CO-OPERATIVE MARKETING

The farmer of today must be a man of brains who is not alone capable of producing the maximum crop, but who also has the business ability to dispose of his products to the very best advantage to obtain the maximum return.

The system which allows the purchaser alone to set the price on farm products. Heretofore the purchaser alone has set the price on farm products. The time will come when the farmer through co-operation will have something to say about prices.

Have you given the matter of marketing your produce the same careful thought that you have to making it grow? If not you are doing yourself as well as your neighbor an injury.

The question which naturally arises is, can you alone accomplish results? Perhaps you can help some, but would not results come more quickly and be more permanent by means of co-operation with your neighbors.

By this co-operation would you not be benefiting the entire community in which you live and therefore make it a more desirable place in which to live?

It is not alone your individual profit which should be guarded but your neighbors as well. You reap a benefit from his profit as well as from your own. We must not be selfish about our own gain if we would prosper.

To finally sum up the matter, we would say to the members of the Association that we must try to get the members of the small pools and the non-poolers to come in and help us to form a strong working pool for the 1912 crop, and unless we can do this, the disposition among the loyal members is that they had best remain out of the pool and all sell individually on the open market. We know that it is best for ours and all interests that the tobacco crop of 1912 be pooled, and all sold and managed as a whole, for we are sure by this means we will receive better prices and all will be materially benefited by it, but unless we can accomplish the pooling in these five Counties of practically the entire tobacco crop, we do not feel it would be best to pay expenses to maintain a pool of one-half or two-thirds of the growth of the 1912 crop.

We are ready, willing and anxious to form this pool, and we beg all the non-members and other associations to unite with us for if they cannot see their way to do this, we fear a dissolution of the Stemming District Association for 1912 will have to be referred to the membership for action. Of course it is not our power as your Executive Board to dissolve the pool, but as said above, unless we can get sufficient of the 1912 crop in the pool to be able to get reasonable prices for our tobacco, we would suggest to the membership the advisability on September 1st, if it should be found then that we have not a large majority of the tobacco in the five counties pooled, that they meet in their several magisterial districts and say whether or not the pool shall be continued.

As a last word, may we not say that all farmers' interests are identical, and would it not be wiser for us to lay aside all differences and misunderstandings, and come together as one man in one pool for the benefit and good of the entire farming element of this district? We assure you of our hearty cooperation in all these matters, and if we have had differences let us bury them and get together, for in union there is strength.

Very respectfully and fraternally yours,

Henderson, Ky., April 2, 1912.

MEMBERS DISTRICT BOARD

I. N. BAKER, WEBSTER COUNTY
G. L. CAMPBELL, HENDERSON
C. D. OGLESBY, UNION COUNTY
T. M. DEAN, CRITTENDEN
B. D. COFFMAN, HOPKINS

OAK HALL

We were all glad to see spring put in her appearance last week.

J. M. Dean attended church in Marion Sunday.

P. E. Shewmaker was quite sick last week, but at last report was better.

Mr. McGinnis, of Tennessee, has moved on A. Dean's farm.

The trustee was around taking the school census last week.

R. L. Drury is laid up with a severe attack of rheumatism.

Most of our farmers met the "Farm Special train" Saturday.

Mrs. T. A. Enoch visited in the Memphis Mines vicinity last week.

Ben Fowler and a Miss Ford were married Wednesday.

Mrs. J. R. Vaughn, of Mattoon, visited her father, P. E. Shewmaker.

Gilbert Worley and family visited at the home of M. V. Ford, Sunday.

Sunday School was re-organized last Sunday. Let everyone come and help push the good work along.

We think we had better have another "good roads meeting" and have less talk and more work. The roads certainly were never in a worse condition than they have been the last month.

Wheat is badly frozen out and the probability is, the land will be put in something else.

Her Frugal Mind.

A man whose illness threatened to develop into typhoid was taken to the hospital. Instead of growing worse he improved, and at the end of the fourth day, when his wife visited him, he asked to be taken home. "But you have paid for a week," replied his thrifty spouse. "They won't refund the money. You had better stay your week out."

: Majestic Theatre :

A KENTUCKY BELLE

BY THE

FREDONIA HOME TALENT CO.

Monday, April 15th.

A "Kentucky Belle will entertain the old as well as the young. 24 of Fredonia's best young people will be in the play. Proceeds for the benefit of Cumberland Presbyterian Church.

Doors Open 7:00 O'clock. Play at 8:00 p. m.

General Admission 25 cents.
Children 15 cents.
Reserved Seats 35 cents.

TRIBUNE

The farmers are very busy in this section.

We still have muddy roads.

Silas Guess has been hauling logs for S. H. Phillips to John James' saw mill on L. C. Horning's farm near this place.

Prayer meeting at Hill's Chapel every Saturday night. Let everyone who can, come.

Misses Felta and Vera Hill visited their aunt one day last week.

Mrs. Bell is slowly improving at this writing.

F. I. Travis has been on the sick list.

Miss Ruby Towery is still visiting her grandmother, Mrs. Margaret E. Towery, of near Shady Grove.

Jim Pickens and family were guests of S. H. Phillips and wife Sunday.

T. M. Dean, of Iron Hill, passed through this section last week enroute to Marion.

Miss Ellen Travis has been on the sick list the past week.

Jim Pickens spent Thursday night with his sister, Mrs. Eliza Deboe, of Marion.

Willie Guess is seen in this section quite often.

Henry Hill, of this place, went to Iron Hill one day last week on business.

S. H. Phillips went to Marion one day last week.

GOING SPRINGS

Come on, Oh! gentle spring, and fill the earth with green flowers.

Drue Stephens was in town one day last week.

Frank Hughes and wife were the guests of his father, Will Hughes, Saturday and Sunday.

Walter Simpson and family were the guests of Ira C. Hughes and family Sunday.

Miss Myrtle Stone is teaching us a good school at this place, and is having good attendance.

Misses Anna and Pearl Stephens were the guests of Miss Frona Elder, Wednesday.

There will be a big musical at Going Springs school house Saturday night, April 27th.

Virgil Hughes went to see his best girl, Sunday.

Walter Simpson and family were in town shopping Tuesday.

Rev. V. L. Stone delivered a fine sermon at Hill's Chapel last fifth Sunday.

With best wishes to the Record-Press and its many readers, I remain, —A Subscriber.

DOG SHOWS GREAT CUNNING

How He Defeats Master's Attempt to Cure Him of Chasing Passing Vehicles.

The following is an authenticated instance of great cunning in a dog. This animal was in the habit of rushing out from his owner's house and attacking passing vehicles. The owner, thinking to cure him, attached a small piece of wood by a chain to the dog's collar. This device served admirably, for no sooner would the dog start in pursuit than the clog would check his speed, rolling him over. The dog reflected upon the situation, which evidently gave him much perplexity for some time. Now, if this dog did not possess reasoning powers he eventually evinced something very much like them, for he overcame the difficulty, and, to the surprise of all in the neighborhood, he was soon at his old tricks.

This is how he managed it: No longer did he attempt to drag the clog on the ground, permitting it to check and upset him; but before starting he would catch it up in his mouth, run before the passing horse, drop the clog and begin the attack. When distanced he would again seize the clog in his mouth and resume his position ahead, thus becoming as great a pest as ever. Even on his ordinary goings about he was seen carrying his clog in his mouth instead of letting it drag on the ground between his legs.

STRING TOWN

Quite a crowd was out at the bridge Sunday to see the back water.

Emmett Butler and Twinkle Howard were in Evansville last week.

Prof. Rascoe called on Johnnie Hodge recently.

Several from this place went to Marion Saturday, to see the farm on wheels.

CHAPEL HILL

Mr. and Mrs. H. S. Hill spent Sunday the guests of Mr. and Mrs. J. C. Adams.

J. T. Righam and family visited T. M. Hill and family Saturday night and Sunday.

More telephones in this neighborhood than "Carter had cats."

Carson Franklin, of Marion, was through this section Friday.

Mr. and Mrs. B. F. Walker spent Sunday the guest of their son, Burrell, Jr., and family.

Dr. Bell's Antiseptic Salve Good for all Skin Diseases.

PAPER BAG COOKING

Great System Perfected by M. Soyer, Famous London Chef.

PAPER BAGGING THE SCRAPS.

By Martha McCulloch Williams.
Beware the fast after a day of out-of-the-ordinary feasting. Abrupt transitions are bad alike for body and mind.

Is it traditional in your family to have a lordly roast turkey on family feast days, if they were in the turkey season? Then the remains of the bird, either in patties or croquettes will help you keep from fasting after the first dinner of the new year. But there is another shape for the remains—one which I have not so far seen in print. Pick up the meat, free of skin, bone and gristle, cut in bits, not too fine, and pack a layer of it neatly at the bottom of a buttered paper bag mould. Dot with bits of stuffings if any remain, the gravy from the dish—made gravy is too heavy. Cover the meat layer with a layer of cranberry sauce and dot with that, also seasoning. Repeat till all the meat and sauce are used. If the stuff is scant, put in a middle layer of toasted bread crumbs. Cover the top layer of cranberries with crumbs rather thickly. Slip the mould inside another bag and cook about eight minutes. Serve hot or cold. Excellent for luncheon or tea.

Most likely the three of best meat but half eaten. Cut the meat off into neat slices half an inch thick, two inches wide and four inches long. Dip them in melted butter, roll in a little salted flour, sprinkle lightly with vinegar or lemon juice and let them stand an hour in a warm place, keeping them well covered. Make a good crust, shortening it with suet or drippings if possible, and putting in a little more salt than for pastry. Roll it a quarter-inch thick and line with it a mould, either tin or paper bag of sufficient size. The mould must be well-greased, and if made from a bag, clipped extra-tight at the corners. Lay upon the bottom slices of meat, letting them lap a little, single-wise. Cover this layer with thin sliced onions, sliced and peeled white potatoes and the sliced yolk of a very hard-boiled egg. Season very lightly with salt and pepper, then put on another layer of meat. Bread crumbs or slices of crust may alternate with the vegetables or take their place. Whatever is used do not overfill the mould. Put a layer of crust in strips on top, or else a thick coating of crumbs. Pour over melted butter, enough to season well, and an equal quantity of tomato catsup or tomatoes stewed to a pulp. If you like, a lattice crust, or a solid one, put in the butter and tomatoes before adding it. Pour in a tablespoonful of boiling water also, put on the top, set the mould in a very well-greased bag and cook thirty-five to fifty minutes, according to size. The result should be a beefsteak pie as tasteful as ever came out of the oven.

The snippers and trimmings of the roast, minced fine or ground, mixed well through mashed potato and cooked in a greased bag, either in one big cake or many smaller ones, provide excellent supper fare. Ten minutes of baking is enough. Meat and rice, pudding can be cooked either directly in the bag or put in a mould and then in a bag. To make it, throw a cup of well-washed rice into a kettleful of salted water that is boiling hard. Stir once—no more—and boil, skinned to twenty minutes. Drain away all water, then stir into the hot rice a large spoonful of butter, a cup of rich milk, beaten up with two eggs, salt and pepper to taste, and two cups of finely minced cold meat very lightly dusted with corn starch. Pour on a little tomato catsup or add a half-cup of dry tomato pulp. Dot lightly with butter or sprinkle with grated cheese. Cook for twelve minutes in a hot oven and serve from the mould.

If the rice and meat pudding is for children, leave out the pepper and catsup. By making the mixture stiffer, leaving out part of the milk and adding a little flour, you can shape it into balls, dip them in egg and bread crumbs and bake inside a thickly-greased bag to a light brown. Instead of rice, whole wheat bread crumbs can be mixed with the meat, then the mixture bound together with egg beaten in milk, seasoned, lightly with salt and sweet herbs, also a little melted butter, and cooked in a bag ten minutes. All that requires cooking in the bag is the meat and crumbs are already well done.

Shredded wheat biscuit, crumbled fine, make the basis of a very good supper, pudding. Take two cups of crumbs, two cups finely chopped apple, half a cup of butter creamed with one cup of sugar, half a cup of raisins well-soaked, half a cup of flour sifted with one teaspoonful baking powder and one cup warm milk, add to form well-beaten eggs. Put in a pinch of salt, beat all well together, pour into a mould which is very well-greased, set the mould inside a bag and bake very slowly for an hour and a half.

MARION, KY.

ENORMOUS FLOW OF WATER FROM OHIO.

In Volume Exceeds That of Missouri
and upper Mississippi.

In volume of water the Ohio river is the main tributary of the Mississippi. Its mean discharge according to Geological survey is about 300,000 cubic feet per second, which is much more than the discharge of the St. Lawrence at Ogdensburg, N. Y. Although the drainage area of St. Lawrence is nearly twice that of the Ohio, the maximum flow of the Ohio is approximately 1,500,000 cubic feet per second—about 30 times the low water flow.

A comparison of records of flow of the Ohio river with those of the upper Mississippi and Missouri shows that although its drainage area is but one-third that of the combined Mississippi and Missouri, its mean and low water flow is 1.3 times as great as their combined flow, and its maximum flow is 1.5 times as great. This fact is accounted for by the greater rain-fall in the Ohio river basin and by the general character of the region.

The Ohio basin affords many opportunities for storage especially on the southern tributaries. From topographic maps of the Geological Survey covering part of the drainage area of the Ohio a large number of reservoir sites have been located, some of them of enormous capacity. Careful surveys would undoubtedly show many suitable sites for dams that would impound large reservoirs. The magnitude of such a flow as that of the Ohio may perhaps be better appreciated if it is stated that a discharge of 300,000 cubic feet per second would in one day cover 595,000 acres to a depth of one foot.

BLOOMING ROSE

Mr. Horace Stallion of Sheri-
dan was the guest of his sister
Mrs. Ida Malcombe, last week.
Mrs. Nancy Herrell who has
been sick for four weeks has im-
proving a little. May God help
her to recover.

Mrs. Ada Monroe is the guest
of her sister Mrs. Minnie Sullivan.
Rev. A. A. Wheeler of Wheat-
croft preached a fine sermon
at the school house Sunday night.

Born at the home of Mr. and
Mrs. Gus Singleton a fine girl.
Mrs. Mildred Maddox will fill
his regular appointment at Mrs.
Watson's Sunday eve.
A wedding was held at the
Somers bloom.

ANNANIAS--OH,
WHERE ART THOU?

Every Body Would Like To Believe
This Tale—but Man Says He
Crossed Lightning Bugs
and Bees. Regular
Power Station.

Rockport, Ky. March, 28.—
Joseph Robinson, a prominent
farmer of Ohio county who lives
on the Beaver Dam pike, a few
miles from Hartford, believes he
has solved a problem to bee rais-
ers over Kentucky. Mr. Robin-
son claims to have succeeded in
crossing the bee with a light-
ning bug—a feat hitherto un-
known. For years Mr. Robinson
has experimented along this line
but without any visible success
until recently. The half-breed
bees are peculiar looking insects
neither resembling a bee nor a
lightning bug, although at night
they resemble the latter, with
the exception that the light shed
by them is of a much more bril-
liant color. The farmer declares
that the light will enable the lit-
tle hustlers to work night and
day, thereby producing a much
larger amount of honey which
will greatly increase the pro-
fits of the raisers. Strange
as it may seem there is said to be
no difference in the taste of the
honey made by the new bees.

The feat of crossing the two
kinds of insect life is the most
remarkable on record, and it is
perhaps the first time it has been
done. Hundreds of people have
visited Mr. Robinson's country
home to see the strange looking
half-breeds. At night Mr. Robin-
son's bee yard resembles a
miniature city lighted with elec-
tric lights.

Tulsa Okla. April 8.—With the
exception of John Klepper, stock
hauler, all of those reported mis-
ing after an explosion of nitro-
glycerin wrecked the plant of the
Central Torpedo Company here
today had been accounted for to-
night, and fragments of flesh
scattered about adjoining fields
have been identified as portions
of Kleppers body.

The plant of the Central com-
pany is a mass of wreckage as
the result of the explosion. The
plant opened only three months
ago.

Our Patrons.

To Our Patrons:
We, T. Y. Ordway and W. D.
Wyatt, have consolidated our
breeding horses and by so doing,
can offer our patrons an oppor-
tunity not to be found elsewhere
in South-Western Kentucky.
You have eight head to select
from. Three handsome black
jacks and five registered horses
all bred in purple. Certainly one
of them will please your fancy.
We will be glad to have you call
and inspect them before breed-
ing elsewhere. "Seeing is be-
lieving," and it is a pleasure to
show them.

Lincoln Barnett, 5718, is a
rich dark bay, 154 hands high,
kind disposition and has a racing
record of 2:12. That's a good
time in Caldwell county, to
speak of it. He has been owned
by Joe Glover, a red sorrel with
white markings, 154 hands and
a perfect combined horse. He
will show for himself the day
after tomorrow.

King Elipse, 5805, is a black,
154 hands high, kind, and
tail and of the horse's
family—the kind for general use.
He is a good horse, and will
show for himself the day after
tomorrow.

Rockport, Ky. March, 28.—
Joseph Robinson, a prominent
farmer of Ohio county who lives
on the Beaver Dam pike, a few
miles from Hartford, believes he
has solved a problem to bee rais-
ers over Kentucky. Mr. Robin-
son claims to have succeeded in
crossing the bee with a light-
ning bug—a feat hitherto un-
known. For years Mr. Robinson
has experimented along this line
but without any visible success
until recently. The half-breed
bees are peculiar looking insects
neither resembling a bee nor a
lightning bug, although at night
they resemble the latter, with
the exception that the light shed
by them is of a much more bril-
liant color. The farmer declares
that the light will enable the lit-
tle hustlers to work night and
day, thereby producing a much
larger amount of honey which
will greatly increase the pro-
fits of the raisers. Strange
as it may seem there is said to be
no difference in the taste of the
honey made by the new bees.

The feat of crossing the two
kinds of insect life is the most
remarkable on record, and it is
perhaps the first time it has been
done. Hundreds of people have
visited Mr. Robinson's country
home to see the strange looking
half-breeds. At night Mr. Robin-
son's bee yard resembles a
miniature city lighted with elec-
tric lights.

Tulsa Okla. April 8.—With the
exception of John Klepper, stock
hauler, all of those reported mis-
ing after an explosion of nitro-
glycerin wrecked the plant of the
Central Torpedo Company here
today had been accounted for to-
night, and fragments of flesh
scattered about adjoining fields
have been identified as portions
of Kleppers body.

The plant of the Central com-
pany is a mass of wreckage as
the result of the explosion. The
plant opened only three months
ago.

Plate-Glass Sheets
Shattered by Dynamite.

Columbus, Ind., April 8.—
Caldwell & Drake, constructors
of this city, whose iron works
plant here and a court house
which they were building at
Omaha, Neb., were dynamited
on the same night a few months
ago, received a telegram tonight
informing them that twelve large
plate-glass windows in a hotel
which they are building at Tulsa
Okla., were shattered by an ex-
plosion of nitroglycerine twelve
miles away.

Don't Forget
The Cok Show in September And
The Free Barbecue to All
Our Patrons.

To Our Patrons:
We, T. Y. Ordway and W. D.
Wyatt, have consolidated our
breeding horses and by so doing,
can offer our patrons an oppor-
tunity not to be found elsewhere
in South-Western Kentucky.
You have eight head to select
from. Three handsome black
jacks and five registered horses
all bred in purple. Certainly one
of them will please your fancy.
We will be glad to have you call
and inspect them before breed-
ing elsewhere. "Seeing is be-
lieving," and it is a pleasure to
show them.

Lincoln Barnett, 5718, is a
rich dark bay, 154 hands high,
kind disposition and has a racing
record of 2:12. That's a good
time in Caldwell county, to
speak of it. He has been owned
by Joe Glover, a red sorrel with
white markings, 154 hands and
a perfect combined horse. He
will show for himself the day
after tomorrow.

King Elipse, 5805, is a black,
154 hands high, kind, and
tail and of the horse's
family—the kind for general use.
He is a good horse, and will
show for himself the day after
tomorrow.
